

PLAY & RECREATION SOLUTIONS

Play-Apps provides commercial playgrounds and entertainment & recreational solutions from key American manufacturers. In addition we also offer consulting, space planning, project management and installation.

We have more than 30 years of experience in the field of play and recreational solutions.

Play & Recreation Solutions

Indoor Recreation. **PLAY & RECREATION SOLUTIONS**

Whatever your indoor play requirements, Play-Apps has the answer. From seating to tunnels, surfaces to slides and climbing frames, these are products designed to provide hours of fun, stimulate their imagination and increase physical health. All our products are made to the highest standards ensuring children's safety is paramount. We can create bespoke solutions to match every environment.

INDOOR PLAYGROUND

To grow and develop as healthy children, they need play equipment that will encourage imaginative and active play. Crawling through tunnels, sliding away, scrambling across bridges helps develop agility and strength. Play equipment of this kind can quickly become pirate ships or rockets to the moon in children's imagination. All the equipment is designed for children aged 2-12 years old and meet every possible standard of manufacture. High quality, durable and strong - perfect for every location.

ELECTRONIC GAMES

Bright and colorful, the range of electronic games on offer from Play-Apps immediately attracts attention. There are games suitable for all age ranges, be it preschoolers or teenagers. Games can be mounted on poles, placed on boards or walls, or installed on tables. Touchscreen or handles, the choice is yours. Guaranteed to keep kids busy and entertained, whatever the weather or environment.

Outdoor Recreation. **PLAY & RECREATION SOLUTIONS**

Playing outdoors with their friends helps children develop social skills and healthy bodies. To survive hours of active play, playgrounds need to be sturdy, well constructed and imaginative. Whether you are looking for an environmentally friendly design, an educational play scheme, or simply products to encourage lively play, Play-Apps offers the ideal solution. We can create bespoke equipment designs that meet your every need.

OUTDOOR PLAYGROUND

Strike the Jolly Roger and become the scourge of the seas. Fly an airplane across the skies, visit the moon or play on the beach. Outdoor play has never been so much fun. This is creative, imaginative play with lots of activities to keep any child busy and healthy. Outdoor playgrounds from Play-Apps are guaranteed to provide hours of memorable, enjoyable play.

CRUISER BIKES

Iconic, innovative and instantly identifiable; these cruiser bikes can be customized and branded to suit your company. Create a message that will be seen wherever the bikes travel. Sustainable and environmentally friendly, it sets your company apart from the crowd with a brand that is tune with social trends. Stylish and colorful, bespoke cruiser bikes are a superb marketing method.

MUSICAL PLAY

The sound of music is irresistible to a child. Tapping, banging, touching helps children to explore the world of sound. This range of simple and very sturdy instruments gives children every opportunity to explore the potential of music. Whether it is solo or group play, these musical instruments are certain to appeal and give hours of fun.

WATER SLIDES

Who can resist the magic of sliding down a water slide, to go splash into a pool? Whether child or adult, the magic is always there. Water slides add immediate value to any swimming pool. Whatever your preference, Play-Apps has the answer from curves to tunnels as well as straight slides. These colorful slides will suit any environment be it home, work or recreational site.

PHYSICAL FITNESS EQUIPMENT

Aesthetically pleasing and highly effective, this range of physical fitness equipment is suitable for both adults and children. It can be used in many types of locations including walking trails, employee health & fitness areas, children's play areas, and recreational areas. Highly functional, the equipment can be used in varying ways to exercise all muscle groups and ensure a full work out at any site inside or out.

Athletics. **PLAY & RECREATION SOLUTIONS**

Getting healthy and fit is extremely important. A healthy lifestyle encourages a healthy mindset. Play-Apps can provide all the equipment required for healthy recreation, from lockers and seating to climbing, balance and resistance training. Bespoke solutions can be created to match environments, and individual requirements.

LOCKERS

Keeping personal possessions safe while playing games or out on duty is essential. People need to be reassured that their possessions will be there when they return. Our range of lockers is designed to provide high-level security while being practical and stylish. Whatever the setting, Play-Apps lockers are guaranteed to be the ideal solution.

BLEACHERS

Watch games and events from the comfort of high quality, practical bleachers. Play-Apps has an extensive range of designs suitable for use inside or out. There are compact versions ideal for waiting your turn in a gym as well as big transportable versions for watching baseball out on the field. Bespoke solutions can be created, and ranges customized as required.

Kids Furniture. **PLAY & RECREATION SOLUTIONS**

Kids furniture has to undergo a lot of hard wear and tear. Tables and chairs are in daily use. Every item has to be easy to clean with minimal maintenance required. These are sturdy, well built products that can be moved quickly from one place to another as required. Edged in bright primary colors, they are also instantly visible.

Pet Play. **PLAY & RECREATION SOLUTIONS**

Keep dogs happy and healthy with this range of dog park products, which encourage socialization and an active lifestyle. Jumping, running and climbing around these challenging play solutions will provide exercise and entertainment for owner and canine companion alike. Every product has been given the canine seal of approval for fun, strength and durability. These are dog park products that are just what dogs require.

Amenities. **PLAY & RECREATION SOLUTIONS**

It's the details that count when it comes to overall impressions. The sunshades, the cushions, tables, chairs, signage, even the trashcans. Play-Apps can provide all these, and more, to make your outdoor space a stylish place to relax. Whatever the type of public space, we have the products that will suit the setting.
